

Donations for Western NC

WHAT WE KNOW

The relief efforts are constantly evolving. We know from National DRUSA director Rick Haug, that some of the more pressing needs are for cleaning and medical supplies. As always financial donations are of great importance. We will start collecting these items immediately and adapt as needs arise.

As many of you know, Hurricane Helene has left our neighbors in Western NC absolutely devastated, displaced and desperately in need. Please see the information below and help if you are able.

We have someone traveling on Saturday to deliver items given between now and then. There will be additional rounds of donations taken after that as well.

You can also give monetary donations to DRUSA by visiting this link [HERE](#).

Please be in prayer for those still suffering from such a tremendous loss.
